Recognized as the Most Efficient of ENERGY STAR® in 2013

As an innovation leader for window and door systems, aluplast focuses on customer needs and takes responsibility for the nature. The window system **IDEAL 2000** (along with other components) has been designated as one of the Most Efficient **ENERGY STAR®** qualified products in 2013. Through its energy-efficiency **IDEAL 2000** is helping to protect the environment and reducing greenhouse gas emissions. Meeting the strict guidelines set by the U.S. Environmental Protection Agency and receiving the **ENERGY STAR®** designation, it demonstrates an efficiency performance that is truly exceptional and a leading edge. Be an environmentally-motivated consumer and early adopter and find the suitable window for your requirements by choosing aluplast as your partner.
